

Join Highlands Audubon!

Every Highlands Plateau Audubon Society membership supports local programs, field trips, newsletters, and projects. As a member, you will become an important part of our chapter and receive a one-year subscription to our chapter newsletter, *The Mountain Warbler*, which will keep you informed of field trips, programs, and other opportunities to participate.

* Memberships at the levels of Friend and above include (unless you prefer not) membership in the National Audubon Society, which helps protect birds, other wildlife, and their habitats nationally and internationally, therefore increasing the impact your membership has on the environment. National membership includes six issues each year of *Audubon* magazine.
